WHEAT VALUES DECLINE

FAVORABLE CROP REPORTS WEAKEN PRICES.

July Delivery Is Down 5-8c; Corn Is Up 1-8c to 1-4c; Oats Gain 1-8c; Provisions Unchanged.

t Chicago, May 12.-Reports of favorable progress by both domestic and foreign crops were potent factors in weakening July delivery was down %c. Corn is up visions closed practically at last night's final figures. WHEAT.

A firm undertone, due to heavy rains and lower temperature northwest, pre-vailed in wheat at the opening. Initial sales on July were unchanged to a shade

valled in wheat at the opening. Initial sales on July were unchanged to a shade higher, at 85%c to 85%885%c. A report that fire at Fort Williams had destroyed a large elevator full of wheat brought out enough buying orders from pit traders to advance the price to 85%885%c. Receipts were extremely small, and this fact also exerted a bullish influence. But trading in general was light.

The market lacked any outside support, and with a continuance of offerings the price gradually weakened. A number of bearish reports were received during the day, increasing the weakness. Advices from Russia stated that the surplus of wheat for export was still large, and that the weather was favorable for the growing crop. The Minnesota State Bulletin gave an optimistic report of seeding operations during the week.

The condition of wheat fields in the Southwest was reported to have shown considerable improvement. An influential selling motive was lack of outside demand, the supposition being that if there is not foreign demand between now and harvest time stocks of wheat in Chicago will show a big increase. The market closed weak, with July at 84%8845c, after the price had declined 8tc to 81%986c.

Clearances of wheat and flour were equal to 85500 bu. Primary receipts were 134.390 bu., compared with 315,900 bu. a year ago. Minneapoils. Duluth and Chicago reports receipts of 70 cars, against 110 cars last week and 147 a year ago.

Corn was moderately strong on light receipts and on covering by shorts. Offerings were small throughout the entire session, notwithstanding the weakness in wheat. July opened unchanged to a shade higher, at 48½ to 48½48½c, sold up to 49½48½c, and closed at 45¼4849c. Local receipts were 74 cars, with 2 of contract grade.

OATS. In sympathy with corn the oats market ruled firm the entire day. Small re celpts, good cash demand and lack of any material selling pressure were the main contributions to the firm tone. The best buying was by shorts. After opening unchanged to \$4c higher at \$55c to \$3c; July sold between \$55c and \$35c to \$3c; July at \$5c. Local receipts were 62 cars. RANGE OF FUTURES.

HOGS—A good moderate supply of hogs was on sale, the twoelpts amounting to around 1,500 head before the close, which is about the same number that was on sale Thursday of last week, but in the neighborhood of 1,000 more than arrived this day a year ago.

The market opened with a better feeling prevailing from all buyers; consequently they did not hold off so long as on Wednesday before they commenced to do business. Good butcher and packing hogs weighing 200 lbs, or more sold readily, and in most cases showed an advance of 5c over the general Wednesday trade, Light mixed bogs, plain packing grades and all that were no better than fair quality sold a little slower than the better grades, and did not exhibit quite as much advance; however, most of them sold is higher. Real good lights, 120 to 150 hs., for Enstern simpment, were in demand and sold readily at the advance, but pless and lights that were on the common order and only fair quality were slow sale and me better than steady. There was very little change throughout the day, and at the close nothing of any importance remained unsold.

Good butcher and heavy hogs sold at 4.50 day; fair to good medium weights and packers 4.50; lights under 150 lbs, average 54.55; lights above 150 lbs, average 54.55; lights under 150 lbs, average 54.55; lights under 160 lbs, average 54.55; lights of the bulk of the hogss weighing 150 lbs, or more sold at 4.60; fair. Wednesday.

SHEELP-A incoderate run a heavy was on sale, and all grades of natives were represented, and the arrivals also included 1 cars of Mexican Lambs and several clark on the stade; was no change of any hardy as good as on former down the same of the several clarks. While those that were only fair or on the common order were extremely slow as le. Buyers were more particular than for some time as to quality. Cull spring lambs are not much wanted at any process.

Chi spring share present week has been one of very light receipts, owing to the unpreparedness of country shippers, after the big supply which they contributed to the market last week. Only a few of the regular consignors were able to get in, and their offerings combined did not amount to mere than one-fourth

Police Search for Boy. At the request of Colonel J. H. Heager of Louisville, Ky., the police are search-ing for Fred Moon. 15 years old, the son of a Louisville millionaire. He disappeared from his home on May 6. On the day of the boy's disappearance he went to school as usual. Because he had neglected his work the teacher told him to go home and bring an excuse from his mother, Returning home, he secured his bicycle and departed. The boy's parents will pay a liberal reward for his location. The boy is described as being large for his age, having blue eyes and dark brown hair.
